

Some Really Strange and Creepy Bed Fellows at Caledonia

March 8, 2013

Detailed Report & Analysis

It's an interesting alliance. Jews who traditionally don't eat pork are now allying with some big Christian porcos who look about ready for the Schlachthof. One hefty boar even has his own Royal medal. While Israel threatens to nuke Iran, the poison breathing Mark Vandermaas and Gary McHale are joining forces with Zionists to attack Ongwehonweh people.

Make no mistake, these characters are not the persecuted that they pretend. Gary McHale just got the Queen's Diamond Jubilee Medal. That means he's a good colonial minion. Gary would not have gotten this type of award if he were not towing the party line of genocide against Indigenous people. Like his litter mate, Mark, he twists words like "genocide" to make it sound like it's against him. These punks are sucking up to the self-centered, fake victims, the Zionists, who are determined to depopulate the Middle East.

Israel has long had 200 to 400 nuclear missiles, many aimed at Iran and the Ancient Persian civilization. The CIA installed Islamist fundamentalists to destroy Iran's secular society.

Gary and Mark use Christianity, the fanatic, militant and essentially colonial version, to clobber their listeners into supporting Israel. Waddle Along Gary is adept at using the old guilt trip on Christians who are people who feel unloved by the Creator and unworthy of Love. Such hangups make these people dangerous. They need an underdog to vilify and attack.

Mark Vandermaas introduces Israel Truth Week - March 5-6 2013

The Israel Truth Week second annual conference was held in Hamilton just this week at the Victory international church. Some videos are already online while the full 2012 toxic show is available on youtube. Watch at your own risk. Mark Vandermaas introduced the event at a February JDL Jewish Defence League conference in Toronto.

"Radical Left and Racial Policing at Caledonia"

Mark Vandermaas is famous for using inflammatory terms and misleading descriptions of events. He claims he was "*charged for trying to put up the Canadian flag in a public place.*" He claims wildly that "*native militants destroyed caledonia, put people in hospital (2007 false Sam Gualtieri allegations)...*" etc.

Mark has no problem with making wild and unfounded public allegations which are often proven to be false with no retraction or further coverage in the mainstream media. Mark Vandermaas, a real estate developer on 6 Nations territory, surmises, *"Caledonia is the front line in the struggle against the extreme left who use Palestinian militants as pawns for their own anti-capitalist agenda just as they use Six Nations extremists."*

Vandermaas denounces *"anti israel groups that hate israel"*. He provides a list, *"IAW israel apartheid week, cupe, caw, steel workers, anarchists, marxists, communists, all in caledonia"*. Mark says, he and whomever are *"fighting israel's enemies."* He boasts that he has had *"native militants prosecuted...cops charged, julian fantino charged for threatening elected officials...other cops for obstructing justice....mischief.."*

Near the end of his talk, Mark names some of the speakers for the upcoming event. After his fawning references to Meir "Teenie Weenie" Weinstein, he then smoothly says *"they" drove to London and provided security...they are coming to Hamilton to provide security for free."*

It is impossible to make out the names. Who is he talking about?? The Jewish DEFENCE League?? Wikipedia tells us, ***"Weinstein is a trained bodyguard and served in the Israel Defense Forces."***

Last year, Weinstein urged attendees to gather at the Israeli embassy. With upcoming protests later this month, is he bringing in some thugs to stir up violence again?? Whenever a protest is organized to protest a protest you know trouble is brewing!!

The "Israel Big Lies" event is raising funds for a childrens hospital in jerusalem. What a piece of cheap pr.

Mark self righteously talks about "rule of law", "law applied even handedly". Knowing little of our shared history, he doesn't understand that we are not easily led or provoked. We have learned from past experience how NOT to be used. We are careful, thoroughly analytical thinkers.

Missed the Mark Mark doesn't understand how OPP and other colonial police forces do not have legitimate jurisdiction over Indigenous people. They are using heavy handed methods to interfere in our lives. Since the 2007 Ipperwash report, the law enforcement minions are somewhat on eggshells but only as far as their public image is concerned. The secretive war against Indigenous people continues.

Mark uses double speak and twisted rhetoric. It is like having poison poured into your ear.

Israel Truth Week 2012 - Mark Vandermaas

Gary and Mark called the first "Israel Truth Week" conference last year after jews were allegedly "intimidated" at Western University (hamilton) during Israel Apartheid Week IAW events.

Mark Vandermaas says he opposes "anti semitism". He likes to talk about his Dutch parents resisting Nazis during WWII and how he himself was a peacekeeper in Egypt.

At the 2012 ITW event, Mark spoke vehemently about how he met with David B. Harris, former CSIS director. He told Harris, "Caledonia is a national security issue".

Being an ex military man, his opinion would carry some weight.

Mark has a go at everyone he can think of, *"native militants are being aided by a coalition of anarchists, radical unionists and radical anti israel groups, led by Tom Keefer of York University, Toronto and CUPE local 3903"*.

He's entitled to his nasty opinions but when he tells out and out lies, we have to question why he gets away with it. His rhetoric includes constant references to *"native radicals...mohawk warriors...akin to hells angels...organized crime, cigarette running, weapons...warriors murdered...and access to weapons."*

Mark states that *"Mohawk warriors murdered quebec police corporal Lemay at Oka [and were] at Ipperwash...which led to the death of Dudley George...."*

Hold on now. Mark blames Mohawks for the death of Dudley George who was killed by OPP sniper, Ken Deane. Vandermaas makes a completely false statement about the murder of Paul Lemay which remains an unsolved case. A few facts need to be reiterated here.

Lemay was shot and killed by a single bullet that entered his side from behind. The besieged Mohawks were in front of him. They could not possibly have shot him. The bullet was a police issued calibre.

Following the crisis, Lemay's widow went to Kanasatake and met with Mohawks. She told them she did not blame them for her husband's death. She told them how he had been on an assignment at the time to investigate other SQ officers for selling weapons

to Natives. A big scandal was about to hit SQ Surete de Quebec Police when the Oka crisis started in 1990.

It subsequently came out that Ken Deane died in a single car accident on Hwy 401 shortly before he was to testify at the Ipperwash Inquiry in 2007. His obituary revealed that he had been present at the Mohawk Oka Crisis. Did Ken Deane, a highly trained sniper, assassinate Corporal Lemay?? Many nagging questions remain.

Vandermaas rants on about, *"Anarchist Black Cross Federation and the Fredonia Anarchist Federation which has donated money in support of cupe activities in Caledonia...Palestinian flag with Mohawk Warrior flag"*.

Gary McHale and the queen's Diamond Jubilee Medal

Gary McHale got a big medal from Queen Lizzie last month. He was rewarded for his relentless attacks on Indigenous at 6 Nations on the Grand River. The Canadian Taxpayers Federation CTF nominated McHale who is executive director of CANACE Canadian Advocates for Charter Equality. CTF's head guy says, *"McHale and CANACE have documented numerous instances where the Ontario Provincial Police have stood down in the face of native provocations while acting aggressively to curtail the activities of non-natives who have objected."*

That's one version of events. We have another that seldom gets heard. We have previously written about and referred to the CTF as a vociferous anti Indigenous group.

The very biased Brantford Expositor article continues, *"CTF is one of dozens of groups across Canada contracted by Governor-General David Johnson to recommend Diamond Jubilee recipients. CTF was authorized to submit 36 names but ended up nominating 33."*

"On Monday, president Troy Lanigan said the CTF board of directors decided it wanted to nominate people who have blown the whistle on waste while insisting on transparency and ethical behaviour from government."

CTF's main thrust is aimed at band councils "transparency", not the corruption of their local Canadian MP's or the PMO. CTF strategy is to manipulate the outrage of taxpaying working people who are forced to give up significant parts of their wages as taxes. CTF teaches Canadians to vilify Indigenous people.

McHale huffs and puffs, "This medal sends a strong message that the OPP and all political parties should take note (of). Citizens will not surrender their rights and freedoms on the altar of political correctness."

Preacher McHale urges, "Resist the persecution of jews....use the laws...to turn the tables."

With incredible duplicity and arrogance, Gary claims to follow Martin Luther King Jr. "**techniques of non violent resistance**...they try to get us to react with violence...we've been smeared as racist and white supremacist...rely on the law," he advises.

Hamilton's chch tv posted a pretty feeble note on their web site about "outraged Six Nations Chief Bill Montour. He's going to return his jubilee medal to the Governor General. Montour says he doesn't want to be part of an award that also recognizes McHale as someone who has made a significant contribution to Canada."

What was that about "phoney indignation"?

More Gary McHale - Israel Truth Week 2012

The rotund Gary is a preacher but he sure aint Friar Tuck. He uses the intonations of a preacher and a lot of repetition. It's a form of hypnotism. He uses extensive biblical quotes. McHale wants to explain to his flock the importance of the jewish people. He says Christians are "unnatural branches added to the olive tree which is the Jews. We get our nourishment from the tree...God will come and trim the branches..." Gary has difficulty breathing as he quotes JESUS.

Then he exclaims, "sharia law is around the corner...mcguinty himself entertained the possiblity of bringing sharia law ...what's happened in caledonia....riot in london...outrage..."

Gary gets pretty worked up, "...rioters...imagine if you were forced to show native issued passports to leave and return to your home...imagine... because you believe you have rights...it gets worse...police, government, politicians, media, believe it's.ok, native thugs were justified...race controlled everything police officers did...under oath testifying they received orders to identify race...if native, release them...nonnative, arrest them..."

Gary must sweat like a hog, "Not one church leader has taken a stand...[compares to] southern states where white churches

remained silent during violence committed by kkk..."

McHale is trying to distance himself from white supremacist ideology by denouncing the KKK and claiming to adopt the values of MLK. What a ridiculous fraud!!

Sun Media, Completely Onside Media

Sun Media is a huge supporter of the anti Indigenous Caledonia squatters and their alliance with Zionists.

Mark Vandermaas who often gets on Sun Media, says, "i'm one of the caledonia 8 along with gary."

The commentator, Michael Coren is clearly sympathetic, even ingratiating. Mark refers to *"radical anti capitalists using native activists... the never again group came to stand with the caledonia residents....iaw goons came to shut down israel groups..."*

The imperialists' greatest fear is an Indigenous/settler alliance.

Meir Weinstein and the Jewish Defence League

Meir Weinstein was a speaker at Israel Truth Week 2012. Wikipedia says, *"On October 5, 2011 on the Michael Coren show it was revealed that the Royal Canadian Mounted Police had launched an investigation against at least nine members of the Canadian JDL in regards to an anonymous tip that the JDL was plotting to bomb Palestine House in Mississauga. Meir Weinstein reported that many members of the JDL were interviewed extensively, at home and at work and suggested that the RCMP was surveilling their activity. Weinstein denied that the plot existed and accused the RCMP of political bias."*

Meir Weinstein says the *"purpose of the jdl Jewish Defence League is to expose threats to israel"*.

He constantly refers to *"this pernicious evil...radical islam...radical islamists...here in Canada, various organizations support the Muslim Brotherhood...the duty of every Muslim to kill Jews...if Iran is attacked, there will be attacks on jews and their supporters in Canada."*

Weinstein proudly asserts, *"we train people in our community ...physical training for security purposes...[he urges] attend our rallies to speak out...Iran is threatening to cut off the flow of oil...by intercepting vessels in the straits of*

hamuz...israel is discovering oil and gas...and will be major producer...keep the faith...the enemy tries to instil fear but never back down..."

It sure looks like Weinstein is inciting violence. The word, "enemy" is dehumanizing. "Fear" is exactly what he feeds on.

He's getting more indignant, "13 million jews in the world...facing an islamic world of 1.3 billion, and we're not intimidated...a March 30 announcement out of Iran, world wide march to Jerusalem to converge on borders of israel... to take over israel by force...supporters to gather at embassies world wide to denounce israel and call for destruction of israel...We are going to be outside the israeli consulate, 180 bloor st west, 3-7 pm in Toronto. Similar rallies in Montreal, London, England, and other European groups..."

That was last year?? What about this year? Is Meir trying to work up a mob again? Or just trying to win an acting award??

In a 2008 Front Page Magazine interview, Meir says things like, "...We're advocating a strong Israel and a Jewish Israel. We don't believe that's racist. On the contrary, we believe we're being backed into a corner. We're the ones being targeted by bigots; bigots who target the Jewish people. We will be taking on those who question our right to self-defense. We will be drawing people's attention to the 800,000 Jews from Arab countries who were kicked out, and had their belongings confiscated. With no apologies.

The interviewer, Dave Gordon asks, "How will you draw people's attention to these items?"

Meir confidently answers, "We will be mounting a campaign and picking [picketing?] the offices of CUPE Ontario [a union who is boycotting israel], on a regular basis. Another way is that the Hamas and pro-Hizbollah and anti-israel demonstrations in the future, we will be there countering them, to nullify their message, and to draw attention to the Jews from Arab lands who were refugees."

Meir and Gary go to the same "rah rah" classes where they learn to manipulate words and kiss big bum together. Meir tries to teach Gary some martial arts. The only thing Gary can do to defend himself is sit on people and scream bloody murder.

Meir continues, "Israel needs to flex its security muscle. The land of israel belongs to the Jewish people, not the Arabs...The land of israel is larger than what we have right now. But that doesn't mean you initiate a conflict to seize additional Jewish land. Israel should be ready to hold on to every inch of land that they have right now. It belongs to us. We're not seeking an aggressive war to seize more land, that really historically belongs to us".

That's quite the mouthful of devious double speak. Meanwhile, the 2013 IAW Israeli Apartheid Week Toronto runs all day every day until March 10.

Whether or not street protests will take place remains to be seen. There's a lot going on, it's hard to process it all. People need to keep your cool and continue the hard work of critical analysis. We Indigenous are to avoid being used. Spring hasn't even sprung and we're wondering about another long hot summer.

Jubilee medal protest

There's been a protest over the awarding of a Queen's Diamond Jubilee Medal to activist Gary McHale.

The thought of McHale receiving the medal has outraged Six Nations Chief Bill Montour. He's going to return his jubilee medal to the Governor General. Montour says he doesn't want to be part of an award that also recognizes McHale as someone who has made a significant contribution to Canada.

McHale has been very vocal, protesting the police handling of a native land claim dispute in Caledonia. McHale was recommended for the medal by the Canadian Taxpayers Federation.

Editorial so this rag is on side too:

<http://www.thespec.com/opinion/editorial/article/478284--countering-demonization-of-israel>

"The fact is the war on terrorism is a global struggle involving Canada. Almost every country in the world is affected by terrorism. Tomorrow's and next week's newspaper will contain new outrages, in many cases excused or even enabled by apologists among us.

"Moral inversion and historical revisionism have become the new tools used by the left to blame ourselves for all the ills in the world and give real terrorists an easy excuse to keep targeting Western civilization."

Meir Weinstein (also known as Meir Halevi, born Marvin Weinstein[1]) is the national director of the Canadian branch of the Jewish Defense League (JDL).

In May 1995 Meir Weinstein and US JDL leader Irv Rubin were caught and apprehended by police[8] while trying to break into the property of Ernst Zündel, a Holocaust denier. No charges have ever been laid in the incident.

George Galloway
In 2009, Weinstein's JDL issued an "open letter" to the Canadian government calling on British MP George Galloway to be barred from entering Canada. The government did so and Weinstein

appeared on Channel 4 News to debate Galloway over the issue. During the interview, Weinstein accused Galloway of being a "proxy agent" of Hamas and Hezbollah. When Galloway stated that he would be speaking in Canada through "other means", electronic if necessary, Weinstein threatened that "we will see to it that the Canadian government will be monitoring every individual and organization that will have anything to do with it" and that he and the JDL "will be looking into these organizations that invited him. their links to terror groups as well" and that he will "see to it that the Canadian Government will be monitoring every individual and organization that has anything to do with George Galloway".[12] CBC pointed out, that Meir Weinstein himself was a spokesperson of the Kach Party in 1994 despite the Kach Party being on Canada's branded list of terrorist organizations. Weinstein denied that he ever was a member of the Kach party or Kahane Chai, insisting he was just the spokesman.

Final Note

This is just how absurd, these word twisters can get:

<http://rabble.ca/babble/international-news-and-politics/zerbisias-and-farbers-t-shirt>

And this is what Mark Steyn has to say:

Quote:

Last year in Toronto, the head honcho of the Canadian Jewish Congress, Bernie Farber, got into the spirit of things and marched in the Gay Pride Parade wearing a T-shirt emblazoned "NOBODY KNOWS I'M GAY." Also entering into the spirit, the Toronto Star's Antonia Zerbisias wrote tongue-in-cheek of Bernie's little jest: "I didn't know he was gay. Not that there's anything wrong with that."

Whereupon, after consulting with fellow CJC execs, the apparently non-gay Mr. Farber sent a formal letter of complaint objecting to the Toronto Star falsely identifying him as gay, notwithstanding that he himself had been the first to falsely identify himself as gay. Needless to say, the Star's publisher pompously reprimanded Miss Zerbisias for an item that "fell short of the Star's standards of accuracy."

My default position in any dispute between Canada's most zealous supporter of speech censorship laws and the Star's leftie feminist is that of Henry Kissinger on the Iran-Iraq War: "Can't they both lose?" But, in the great Queer Tee for the Straight Jew showdown, I was inclined to side with Miss Zerbisias. It's hardly her job to calibrate the precise degree of Mr. Farber's peculiar combination of opportunism and insecurity.
